PROFESSIONAL EXPERIENCE

Migration Advisor and Programme Coordinator

Sep 2025 to Aug 2026

Nigerian German Centre for Migration and Development (GIZ), Benin City, Nigeria

Centre implemented by GIZ, providing migration advice, skills development and employability training.

- Coordinated 11 ICT and vocational skills trainings per cohort, each run in 2 or more batches of 50 participants, achieving a 95% on time delivery rate while working with facilitators and a team of 8 to 10 advisors.
- Led beneficiary engagement through 10 monthly migration information sessions of two days each, reaching over 150 participants per session and referring 350 participants to suitable training.
- Monitored participant attendance and progress across training cohorts, maintaining 1,100+ participant profiles with attendance records and producing daily updates and programme documentation to support reporting.
- Handled participant registration and profiling, including signed code of conduct agreements and required onboarding information.
- Resolved scheduling and workflow issues between advisors, administrative staff and facilitators, keeping onboarding and training referrals on schedule.

Project Coordinator and Frontend Developer

Oct 2024 to Apr 2025

Next Switch, Ibadan, Nigeria

Software development and IT consulting firm.

- Coordinated tasks across a design and development team of 2 to 4 people, tracking progress and raising blockers to support timely delivery.
- Built a user registration website for a training cohort of over 100 participants and for the eMerge conference, replacing manual registration and reducing tracking errors by 50% after launch.
- Used task boards and Excel sheets to keep project status visible and follow up actions on track.
- Supported online training delivery and contributed to digital content and team collaboration.

Client Project Lead

Feb 2018 to Jun 2023

CloudWare Technologies, Ibadan, Nigeria

Information technology firm. Part time alongside studies from 2021.

- Led 10+ client website projects, balancing priorities and keeping clients informed from brief to handover.
- Designed and developed websites using Agile methodologies, from clarifying requirements to implementation and client review, maintaining on time delivery across client projects.
- Worked with stakeholders to refine requirements, organise tasks and act on feedback.
- Ran usability checks and gathered client feedback to catch issues before handover.
- Maintained project activity tracking and related administrative and budget documentation.

EDUCATION

B.Sc. Computer Science Education

2021 to 2024

Olabisi Onabanjo University, Nigeria

National Diploma (ND), Computer Science

2015 to 2017
